- Semantics/x = Europe: y = Transition: 5/5 in SGD: Modernity, t = 1948
- Mechanics/Did this perturbation (epsilon) present a regression to the romantic (4/5), enlightenment/classical (3/5), reformation/baroque (2/5), or hellenic/ancient world (1/5)?
- Dynamics/From order of rank (gradients) to a basin: Psalm 23, Epicurean garden, Commune, local minima?
- Ecology/Gradient ascent! Beethoven expressed it in his symphonies after the upset of the Classical/Enlightenment (*Ancien Règime*) to Romantic (Napoleon) false minima that his Eroica (Symphony No. 3 exuberance) represents. Mozart's overflowing energy would never have had need for such metaphysical consolations. In his operas, we witness his penchant for saddle points. He was no frail fella
- Biography/Manifesto = *Ecce Homo*

"It is high time that

Communists should openly, in the face of the whole world, publish their views, their aims, their tendencies, and meet this nursery tale of the Spectre of Communism with a manifesto of the party itself."
